GOVERNMENT & PARTNERSHIP PROSPECTUS

A national-scale vision for youth opportunity, skills, wellbeing and sustainable livelihoods.

BUILD THE LIFE YOU WANT

A proposed community empowerment initiative inviting Nigerian public institutions, employers and development partners to collaborate on locally led youth projects.

#TEMI100PROJECT

A partnership opportunity for Nigeria

Proposed collaboration framework — not an existing government endorsement

WHY PARTNER?

Support youth participation in education, practical training, employment and enterprise. Pilot locally, measure outcomes and expand programmes that demonstrate value.

WHERE GOVERNMENT CAN HELP

Identify priority communities; facilitate appropriate public-sector coordination; connect schools, youth services and employers; consider venues, referrals, co-funding and oversight.

A LOCALLY LED MODEL

Start with community consultation, youth advisory input, safeguarding procedures, partner due diligence and transparent delivery agreements. Explore Akure as a possible starting location.

THE REQUEST

Invite dialogue with relevant federal, state and local authorities on pilot design, public-benefit priorities, responsible partnership arrangements and outcome reporting.

#TEMI100PROJECT

Four pillars. One shared ambition.

The 100-project portfolio is a proposed roadmap, not a claim of completed delivery

01 EDUCATION

Literacy, numeracy, digital learning, STEM, inclusive teaching and routes back to education.

02 EMPLOYMENT

Work readiness, supervised placements, vocational training and employer pathways.

03 GOOD WELLBEING

Emotional wellbeing, autism inclusion, family support, safe participation and community connection.

04 RESOURCEFULNESS

Entrepreneurship, practical money skills, sustainable local enterprises and independent living.

#TEMI100PROJECT

Support the mission. Be recognised.

Giving opportunities for individuals, institutions and diaspora partners

ONE-OFF DONATION | BASIC SUPPORTER

A single contribution recognises you as a Basic Supporter of #TEMI100PROJECT. Recognition can be provided with your consent; contributions support programme development and delivery.

MONTHLY DONATION | LIFETIME SUPPORTER

A recurring monthly contribution qualifies you for Lifetime Supporter recognition. This describes the recognition tier, not a requirement to donate for life. You may change or stop monthly giving.

CONSENT-BASED DONOR RECOGNITION

Supporters may choose whether their name, organisation and contribution category are acknowledged publicly or privately. Recognition and validation will only be shared with consent, which can be withdrawn.
